

CHP Adds New XC Jumps ... Thanks to Southern 8th's Farm!

The Carolina Horse Park is pleased to announce that we have acquired 30 new portable jumps from the Beginner Novice through Preliminary levels thanks to outreach from Brad Turley at Southern 8th's Farm. Brad's generosity and willingness to work with the Park to secure these jumps is deeply appreciated. These fences were originally constructed by Tyson Rementer and Levi Ryckewaert, current XC course builders at CHP.

As a thank you to Brad we will provide Southern 8th's Farm naming rights to several fences at the War Horse Event Series to ensure their support for CHP is formally

acknowledged. Please join us in thanking Brad for our ability to diversify and expand our inventory of cross country jumps.
